

Technical information

Productnumber : 99-1988-02

Product description

Steel Big Bag rack base. The bottom and top frame of this big bag rack consist of hot-dip galvanized steel and are suitable for hanging one big bag. Plug-in brackets for a forklift truck are fitted in the lower and upper frame and hooks on the upper frame for hanging the big bag.

Very flexible way to counter seasonal peaks in your warehouse or business logistics. Setting up extra storage capacity is easy to arrange with these stacking racks.

Please note! Supplied WITHOUT stanchions.
