## Technical information

**Productnumber : 88-887015**

### Product description

Polyester cover for over a roll container. These roll container covers protect your goods and products against dust and moisture from the outside. The 100% water-repellent cover has a robust zipper and an address window in A4 format. The protective cover is made of recycled polyester and is therefore an extra sustainable alternative. The yarns of the fabric are made from 100% post-consumer recycled polyester (PET bottles). This results in a saving of Co<sup>2</sup> and raw materials. In addition, the technical properties of the recycled polyester covers are fully in line with those of the classic polyester products.

ATTENTION! Available while supplies last. New stock available again in mid-March (week 11).

### Specifications

Article arrangement: New

Version: zip-fastener and address window A4

Colour: blue

Width (mm): 700

Type number: 88-748415

Type: Cover

Material: 100% polyester water resistant

Length (mm): 880

Height (mm): 1550

EAN Code (Gtin) 8719424026207
