

Technical information

Productnumber : 701-2

Product description

Solid 2-sided roll container with wooden roll bottom with flexible rubber wheels and metal corner reinforcement. 2 rubber straps are supplied as standard with each roll container.

Very suitable for the distribution of products to and from shops and internal transport. The simplest and most widely used roll container of its kind. It fits into any supply chain. This product is also available in our rental offer. See below, or ask for the possibilities.
