Technical information

Productnumber : 87303-800

Product description

Nestable stacking rack powder coated in green. These stacking racks can be used as mobile racks in combination with stanchions. Available in various designs, but above all flexible in height.

You can determine the height of the stacking racks yourself by making a choice from the stanchion lengths below. To determine the useful height (read: height to be loaded), take the total stanchion length minus 170 mm (example: stanchion length 1680 mm - 170 mm = 1510 mm). Of course, deviations from the standard lengths are possible, please contact us for the possibilities.

Specifications

Article arrangement: New
Version: suitable for stanchions 42.4
Floor: open lattice frame
Ral colour: 6011
Length (mm): 1200
Width (mm): 800
Height (mm): 385
Loading capacity (kg): 1000
Type number: 87303

Type: mobile storage rack
Material: steel
Colour: green
Surface treatment: electrostatically painted
Internal length (mm): 1110
Internal width (mm): 710
Insertion height (mm): 100
Weight (kg) 23
EAN Code (Gtin) 8719424026047
