

Technical information

Productnumber : 72192502

Product description

The stepladder with the best features. It is double-sided and can be used on both sides. User-friendly and robust. For the professional who needs more. The Taurus is designed for intensive use. The unique hinge system on the guardrails make the treads exceptionally safe to use. The dirt resistant black coating makes these treads suitable for every professional job.

The optional safety guardrail gives you additional safety. In 2 seconds simply fold the bracket in so that the treads are compact for transport. The self-locking metal spread protection (from TDO 2 x 3) prevents the stepladder from unexpected closure while in use. Anti-slip feet also provide sturdiness and stability. A stepladder of the very highest quality.

The Red Step® on your ladder/steps indicates the height at which you can safely work. In the blink of an eye, you can clearly see how high you can go.

Specifications

Article arrangement: New

Version: à deux-côtés, 2x10 marchepieds

Subgroup: Stairs

Width (mm): 440

Depth (mm): 530

Options: Norm: EN 131

Height when folded (mm): 500

Horizontal platform (mm): 450

EAN Code (Gtin) 8719424174724

Type: Altrex industrial stairs

Material: aluminium

Colour: black/red

Height (mm): 520

Weight (kg) 3

Type number: 191503

Additional specifications: type use: professional

Work height (mm): 2450
