

Productnumber: 72194403

Product description

This staircase is the most robust professional staircase. Can be accessed on both sides and can therefore be used on both sides. It is very suitable for heavy work at home or in professional projects. Despite the robust design, the stairs are lightweight due to the open step profile. The bracket gives you an extra sense of security. The sturdy stair feet provide the necessary stability. In addition, the anti-slip contour ensures that you do not slip.
