

Product description

ESD side trolley for Euro containers or wire baskets. The material platform is height adjustable in a grid of 25 mm. The platform has one raised edge on the long side and can be tilted at an angle of 15° or 30°. The platform is movable by four castors, two of which have brakes. The stand has been treated with powder coating for a robust and scratch-free exterior and has a load capacity of 150 kg.
