

Product description

Used plastic pallets measuring 1200x800x150 mm. Designed according to Euronorm 1200x800, they integrate into standardised logistics processes. One of the features is the nestable design, which means they can be stored efficiently when not in use.

Specifications

Article arrangement: Used

Version: 4-sided

Euronorm (mm): 1200 x 800 Surface treatment: signs of use

Width (mm): 800 Weight (kg) 7
