Product description

The portable key safe has a 56 mm thick metal housing for durability and accepts multiple house keys. No more hiding your keys under the doormat or under a flower pot: the key safe is the perfect solution for sharing access to your keys. This portable design can be used in a variety of places. The large, easy-to-read illuminated dials and resettable combination combine to provide a secure storage place for spare keys and access cards.

- Sturdy construction with resistant metal housing. Better resistance to various types of break-in attempts
- Larger storage capacity. For secure storage of up to 10 keys (electronic keys, cards and large keys)
- Set your own 4-digit combination. Keyless convenience - more than 10,000 combinations
- Wide swivel wheels with spacing and easy-to-read numbers. User-friendly, easy to turn and read
- Flexible cable 135 mm x Ø 8 mm for use in multiple locations; cable can be easily attached anywhere
- Plastic weatherproof cover on front.
