Technical information

Productnumber : 12-575EURD

Product description

The padlock with solid body has a 38 mm wide solid copper lock body that is strong, durable and corrosion resistant. The 7 mm diameter shackle is 24 mm long and made of hardened steel, making it extra resistant to cutting and sawing through. The 5-pin cylinder prevents prying open and the dual ball bearing provides maximum protection against breaking and hammering. The padlock comes with 4 keys for ease of use. The limited lifetime warranty offers peace of mind coming from a brand you can trust.

- 38mm wide solid copper body is strong, durable and corrosion resistant
- Hard steel shackle for added protection against cutting and sawing
- Lock with double ball bearing for added protection against breaking and hammering open
- Cylinder with 5 pins for optimum resistance to cracking
- The key can only be removed from the padlock when it is closed

Specifications

Article arrangement: New
Version: with double ball bearing
Colour: golden colour
Type number: 575EURD

Type: padlock
Material: steel
Width (mm): 38
EAN Code (Gtin) 8719424226652
