Technical information

Productnumber : 26-602.1A

Product description

The 2-head suction lifter convinces with a large, non-slip grip surface and therefore fits perfectly in the hand. The levers are designed ergonomically and user-friendly. Their wide surface ensures optimum power transmission. Decisive for the quality are the high-quality, PAH-free rubber discs in proven Bohle quality: They are dimensionally stable, yet soft enough to adapt to the surface in a vacuum. The 2-cup suction lifter can carry loads of up to 50 kg (double safety factor) and is suitable for all materials and objects with gastight surfaces.

Specifications

Article arrangement: New

Version: with lever system, 2x Ø 120 mm

Colour: white/blue

Type number: 600-BO

EAN Code (Gtin) 8719424079463

Type: suction lifter

Material: plastic

Loading capacity (kg): 50

Additional specifications: suction disc ø 120 mm
