Technical information

Productnumber : 42.422.16.620

Product description

High-quality post protection made of the material PU (polyurethane foam) suitable for rectangular columns. These protection plates have handy mounting holes (8 mm) and have a bright print. This column impact protection is designed as impact protection for car parks and underground garages. The protection profile prevents expensive and annoying damage to vehicles. Suitable for rectangular columns, but also for walls, wall projections, passages, beams, etc.

- Flexible, age-resistant polyurethane foam, silicone-free
- UV-resistant signal colors according to DIN 4844
- Dimensions 500 x 200 x 20 mm
- Mounting holes of 8 mm
- Temperature resistant from -40 ° C to + 90 ° C, fire rating UL94
- Suitable for indoor and outdoor use.

Specifications

Article arrangement: New
Version: pole protection
Subgroup: Profile protection
Width (mm): 500
Depth (mm): 20
Weight (kg) 1.6
EAN Code (Gtin) 8719424063806

Type: wall protection
Material: plastic
Colour: black/yellow
Height (mm): 200
Application: for rectangular columns
Type number: 422.16.620
