Technical information

Productnumber : 77-A067397

Product description

Used steel angular guardrail for protection against collision damage, securing machinery and workplaces and separating traffic routes on bends. The striking yellow brackets are made of 3mm thick high-quality steel with a diameter of 76 mm and feature black signal stripes. The dimensions of the feet/bottom plates are 160x140x10 mm (lxwxh) and each has 4 drill holes with a diameter of 14 mm.

Required fixing material (NOT supplied as standard - see to combine with):

12x Universal dowels S12 with screw 8/100 (part number: 42.109.17.393) or

12x Piercing anchors for concrete floors 12/120 (article number: 42.109.24.665)

Specifications

Article arrangement: Used

Version: crash protection bar of steel

Subgroup: Protection guards

Surface treatment: painted and use damage

Width (mm): 650

Weight (kg) 23

Additional specifications: for indoor and outdoor use

Type: bumper protection

Material: steel

Colour: black/yellow

Length (mm): 650

Height (mm): 1200

Type number: A067397

EAN Code (Gtin) 8719424146400
