Product description

TÜV certified add-on section for bins cabinet (art.nr CS-55-7008-S1) consisting of a new shelf rack (type 55) including 18 used plastic bins (art.nr 98-7008GB). LxWxH: 600x400x270 mm. ATTENTION: THIS IS ONLY A CONSTRUCTION SECTION: To be able to place this extension section you need at least one basic section (art.nr CS-55-7008-S1), after that infinite extension is possible.

The Kruizinga house brand shelf rack of high quality has a load capacity of 210 kg per shelf and is very suitable for store fitting, workshop, archive or office. The rack is very easy to assemble thanks to the clamp-click-ready system. Made of high-quality galvanized steel and with numerous available accessories, it can be used very flexibly. A storage rack with a TÜV certificate or TÜV quality mark is a confirmation that a storage rack meets requirements set by legislation, standards and quality marks.

Plastic stacking crate (600x400 mm) with 2 open handles. This robust used Euro bin has four closed walls 270 mm high and a bottom with drainage holes. The side walls have an open handle for optimal handling. Made of polypropylene with high stability. The plastic bins have a smooth, hygienic design on the inside, making them easy to clean. Thanks to the smooth and reinforced bottom, the bins are suitable for conveyors and roller conveyors.

This combination set is easy to expand with accessories such as; label holders, labels, step stool/stairs or additional stacking bins.

Specifications

Article arrangement: New
Version: EXTENSION including 18 stacking boxes
Walls: open handles
