Product description

NB! 2 different plastic crates with different dimensions and mesh sizes that are NOT sorted (see last photo):

- 600x400x190 mm - mesh size
- 600x400x180 mm - mesh size

Lightweight stackable plastic euro container. Widely applicable for transport and storage. These used stacking bins have perforated walls and a perforated bottom and are therefore dirt and air permeable, so the contents are optimally protected. The crate has open handles on two sides for optimal handling.

Suitable for export of flower bulbs, other agricultural products, and the tree nursery sector. You can also use them as a transport crate, warehouse crate or storage crate. Also called agri crate, agricultural crate, agricultural bin or unpacking and supply crate.
