Product description

Used KLT (Klein Last Träger) stacking box 600x400 mm with a capacity of 25 liters. This robust used Euro container has four closed walls and a reinforced bottom with drainage holes in accordance with the VDS guideline for classification in fire class BG 4.3. The two closed handles on both short sides ensure optimum handling. The plastic storage bin has a smooth, hygienic design on the inside and is therefore easy to clean. The robust exterior and special stacking edges ensure stable stacking. Thanks to the reinforced bottom, the bins are suitable for conveyor belts and roller conveyors.
