Technical information

Productnumber : 98-7321GB

Product description

A used plastic stacking bin with dimensions 500x400x145 mm. With a capacity of 19 liters, they provide enough space for various applications. The perforated walls and bottom of the storage bin provide air circulation and drainage, which is especially useful when storing materials sensitive to moisture. This ensures good ventilation and prevents accumulation of condensation or water. The stacking lugs make them firmly stackable among themselves, maximizing space utilization and ensuring stability during stacking.

Note! Contains various transport damages (see detail photos).

Specifications

Article arrangement: Used
Version: walls + floor perforated
Walls: perforated
Food-safe: no
Surface treatment: signs of use
Internal length (mm): 470
Internal width (mm): 370
Internal height (mm): 110
Weight (kg) 1

Type: stackable
Material: plastic
Floor: perforated
Colour: black
Length (mm): 500
Width (mm): 400
Height (mm): 145
Volume (ltr): 19
Type number: 7321GB
