### Product description

Used plastic stacking bin measuring 500x300x170 mm. The open handles on the short sides make it easy to handle and move the bin. The perforated walls and bottom offer excellent ventilation, allowing the bin's contents to breathe well and dissipate any moisture. The bin is also stackable, which saves a lot of space for storage. This bin is made of polypropylene, this material is known for durability, versatility and makes it suitable for foodstuffs.
