## **Technical information**

Productnumber: 98-6925GB

## **Product description**

Used stacking rack with 2 closed short sides of mesh. The storage racks can be used as mobile warehouse racking. The loading floor has a profiled steel plate and is suitable for all standardized pallet sizes, bulky or just difficult to palletize goods. An indispensable logistics solution for almost any warehouse or business logistics. Think of environments such as the metal industry, large construction, small construction, production companies and the automotive industry.
