Product description

Matador professional aluminum cleaning trolley

- Stable aluminum cleaning trolley.
- Ergonomic thanks to the handle that allows 4 positions for the hands. Handle height 1110mm.
- Equipped with a black powder-coated aluminum ventilated storage case, with thermoplastic bow handle.
- Front closure with padlock (not included). This case is very handy for small tools or a lunch box.
- The bag is clamped and fixed in the bag holder, between the 2 rings, with the supplied elastic cord. Height bag holder 850mm and opening Ø 410mm.
- 4 tool holders (2 for tools with handle up to Ø 35mm + 2 to Ø 25mm).
- Perforated aluminum base plate with on one side a gutter for the insertion of tools.
- Entirely made of aluminum, tubular frame of Ø 25mm.
- Equipped with non-marking and silent puncture-proof tyres, foamed polyurethane.
- Suitable for bags from 100 L. Delivery without tools and bags.
