Product description

Outdoor waste bin made of UV-resistant injected HDPE for wall or pole mounting. The hood protects against rain and prevents the insertion of bulky waste. Equipped with ashtray on top. After unlocking via a triangular lock, the waste bin can be completely removed from the front. The additional handle on the front makes emptying easier. The ribbed style lines make applying graffiti difficult. Supplied including mounting material (2 clamping bands) and one triangular key.

Please note! Supplied without stand, see below:
