Product description

Pedestal trash can with ashtray made of steel anti-uv-coated with a capacity of 120 liters (2x60 liters). The ashtray has a capacity of 3 liters and has space for 1800 cigarette butts. The walls consist of wooden slats with autoclave treatment (maintenance-free). It is impregnated to the core, protecting it from rot, insects and mold. The waste bin is equipped with 2 steel plates with indication of type of waste. The outdoor waste bin is fixed to the ground with 4 points. The roof provides a small opening, preventing large or dangerous objects from being thrown into the bin. The trash can has an easy opening due to a forward tilting wall, making it easy to empty. Stickers with type of waste designation (paper or recyclable) to affix on walls are included (text in English or French)
